

National Commission for the Certification of Crane Operators

Committed to Quality, Integrity and Fairness in Testing Since 1995

As the dust settled on one of the most successful CONEXPO shows ever, it became clear that there had never been as much interest in CCO certification at a construction event in NCCCO's 22-year history. Thank you for stopping by to visit NCCCO and making the event such a success!

We hope you had the opportunity to visit us both inside the North Hall lobby at our informational booth, and outside in the Gold Lot at the Lift Safety Zone to learn about ground bearing pressure, sling tension and to try out the new virtual reality (VR) simulator. Check out the video below from the Lift Safety Zone on CONEXPO TV! Or browse a [photo gallery of our activities here](#).

If you had a request for specific information, an NCCCO staff member will be following up with you separately. In the meantime, we'd like to invite you to subscribe to our free *CCOnline* e-newsletter. Please click on the button below to register. (You can unsubscribe at any time and NCCCO will not share your email address.)

Sign up for free *CCOnline* newsletter

CCOnline will keep you abreast of NCCCO activities and industry news that affects you, including federal OSHA's pending requirement for crane operators to be certified. We'll also be advising *CCOnline* readers when additional video featuring all of NCCCO's activities at CONEXPO is available for viewing and download.

A nonprofit organization founded in 1995, the [National Commission for the Certification of Crane Operators \(NCCCO\)](#) offers CCO certifications that are accredited by ANSI, officially recognized by Federal OSHA and renowned for their integrity, quality and fairness. Certifications currently available include:

- [Mobile](#), [Boom Truck](#), [Service Truck](#), [Tower](#), [Overhead](#), and [Articulating](#) Crane Operators

- [Dedicated Pile Driver Operators](#)
- [Digger Derrick Operators](#)
- [Riggers \(Level I and Level II\)](#)
- [Signalpersons](#)
- [Crane Inspectors](#)
- [Lift Directors](#)

Please let us know if you would like more information about NCCCO and/or any of these nationally and internationally accredited personnel certification programs.

Check Out The Lift Safety Zone on CONEXPO TV!

And the Winners Are.....

Thank you to everyone who entered the die-cast model crane drawings. We are pleased to announce the following winners!

The lucky winner from the indoor informational booth drawing is **Tom Scott** of Grosse Pointe Woods, MI who won the **Liebherr 112 EC-H8 Litronic** model generously donated by **Morrow Equipment**.

Jerry Abner of Ashland, OH won the drawing that took place in the Lift Safety Zone and a **Terex Demag AC 250-5** die-cast model generously donated by **Terex** is on its way to him.

Congratulations to both drawing winners!

Listen to NCCCO CEO, Graham Brent, discuss the important role that [certification plays in safe crane operation](#) on CONEXPO Radio.

Browse and listen to other episodes [here](#).

Thank You to Our Sponsors!

NCCCO graciously thanks our sponsors at CONEXPO 2017, without whose support we could not have brought you any of the exhibits that made the event such a success.

Thanks its
